Faculty Assembly Statements (Final)**Unanimously voted for in the August 17, 2023 Faculty Assembly meeting
Presented at NIC Board of Trustees Meeting on August 23, 2023****Action Items to Address Faculty Votes of No Confidence**

Faculty Assembly has looked over the concerns of past no-confidence votes. In the spirit of cooperation, we are offering three recommendations as initial concrete actions that would begin earning confidence:

1. Commit, in a clearly identified, transparent timeline and detailed action plan, to addressing the NWCCU show cause sanctions in a timely manner to address NIC accreditation. (NWCCU Recommendations 1, 2, 3, & 9)
2. Finish all Board Policy revisions in order to clearly articulate the Board's role, functions, scope – as well as limitations of Board impact on NIC operations, in a way that is consistent with accreditation standards. (NWCCU Recommendations 2, 5, 6, 7 & 8)
3. NIC immediately pay off Dr. Greg South's remaining contract and sever NIC's ties with him as an interim President on administrative leave. This action would confirm that Dr. Nick Swayne is the singular NIC President in charge of all NIC operations. (NWCCU Recommendations 2, 3, 10 & 11)

Statement Concerning Hiring Legal Counsel for the College

- In a vote of unanimous acclamation, the Faculty of North Idaho College urges the Board of Trustees to complete the hiring process for the most qualified educational law firm to support NIC. (NWCCU recommendations 1, 2, 5, 6 & 7)

A written copy of the motion was provided to each board member. Trustee Banducci made the motion. The motion was seconded for discussion.

Discussion ensued about the insurance company's ongoing investigation, and whether or not a settlement should be considered at the present time. Following discussion, Chair McKenzie called for a vote. Trustees Banducci and Waggoner voted in favor. Trustees Corkill and Zimmerman voted against, and the Chair voted in favor. The vote was carried with three in favor.

The meeting was adjourned at 6:44 p.m.

1. Requests for information from the Board of Trustees will be communicated directly to the President. Answers to these questions will be provided to all trustees. The President has the discretion to manage college resources needed to provide these answers. Requests will be responded by the President will include a tracking number along with a response time-estimate, or if information is denied and still being requested by a Trustee will be placed on the next board's agenda for Board guidance. Individual Trustees requesting information that will require a material amount of staff time to compile, or the preparation of a special report, or that may be disruptive shall make such requests to the Chairperson of the Board. The Board Chairperson may approve the request or, at his or her discretion, have the request placed on the agenda of the next Board

Complaints Regarding Individual Board Member

In the event the College or any trustee receives a complaint about a Trustee from a member of the public or from a College employee, the complaint shall be referred to the Board Chairperson or, if the complaint is against the Chairperson, to the Vice Chairperson. The Trustee that is the subject of the complaint shall be notified and given an opportunity to respond. The Board shall have the discretion to investigate the complaint, including the authority to engage ~~either the free services of the Department of Labor or an outside consultant~~ an independent party to undertake the an

investigation. Any report from an outside consultant shall be disseminated to all Board members prior to any action being taken against the Board member unless the Board fails to go into executive session and subsequently motions otherwise. Meetings to hear complaints or to consider the conduct of a Board member shall initially take place in executive session. If the Board fails to go into executive session then by a subsequent Board motion will direct a path forward regarding the complaint. If the Board decides to ~~take action~~ (such as censure), such action may be a private admonishment or, if the Board decides the conduct justifies public admonishment, may announce censure (or other appropriate sanction) at an open meeting.

This is important as “any report” from an outside consultant means verbal report or written report. If Trustees feel the need to obstruct Board business then the Board should not be left in the dark on the situation and at least have the option to somehow move forward.

NWCCU is looking to ensure NIC adheres to policy and while bad for the Board to fail to go into executive session, it's doubly-bad to not adhere to policy regarding determining future course of actions.

- Public censure by the Board (by motion or resolution in an open meeting)

Prior to such action, the Trustee will be entitled to a hearing before the Board in executive session to hear the charges and to allow the Trustee to respond. If the Board fails to go into executive session then by a subsequent Board motion will direct a path forward regarding the potential action. The decision of a majority of the Board is final.

The Board shall cause a record to be made of any private censure such complaint proceedings. These records and deposit such record in a confidential file maintained by the Secretary of the Board. will be stored in the office of the Executive Assistant to the President in an isolated, secure, and safe manner-locked, fire proof box. Access to the ~~box-associated personnel file~~ is controlled by limited to the Board Clerk and the Secretary/Treasurer of the Board Chairperson, who is required to can provide secure viewing of the private censure to the president or individual trustees upon request or delegate to an appropriate authority to facilitate, such as the college's retained attorney or the Board Clerk. A viewing log will be maintained adjacent to the associated personnel file. Archiving of the associated personnel file(s) will follow North Idaho College Policy 2.01.06 "Retention of Records." ~~A viewing log will be maintained within the box by the Board Clerk and Secretary/Treasurer of the Board. Note: double "s" in proceedings was removed

Mainly consistency of controlled secure-access for Board level personnel files and see the note on president's personnel file conflict of interest. This is more appropriate for the Board Chair to facilitate controlled secure-access.

Policy Narrative

[Page 1 of 1]

The board of trustees recognizes the importance of having exceptional executive leadership and that such leadership is dependent upon constructive review of how that responsibility is exercised. To further this end, the board of trustees ~~may~~will at a minimum annually review the president's stewardship in order to strengthen his or her performance, to enable the president and the board of trustees to reset mutually agreed upon goals, and to inform annual decisions on compensation and other terms of employment.

The annual performance review of the president should include a written management review statement by the president and a written report on goals from the previous 12 months, as mutually agreed upon by the president and the board of trustees. It may also include proposed goals for the subsequent 12 months. The annual performance review should be completed on a schedule consistent with the college's annual compensation-setting process.

“At a minimum” provides the Board the flexibility to conduct more performance reviews if the Board deems that wise. How it currently is written does limit the Board to providing feedback to the president solely once a year only in an annual evaluation. More often may be appropriate for certain circumstances.

NWCCU is looking for the Board to adhere to our its policies and as written without the words “at a minimum” then the future Board(s) may wish to do more frequently and be barred from doing so.

An external evaluator will be selected by the board to assist in the president's evaluation.

The Board will meet in executive session to discuss the evaluation prior to providing the evaluation to the President. If the Board fails to go into executive session then by a subsequent Board motion will direct a path forward regarding the President's evaluation.

The president's personnel file will be stored in the office of the Executive Assistant to the President in an isolated, secure, and safe manner. Access to the president's personnel file is controlled by the Board Chairperson, who either will provide viewing to the president or individual trustees upon request or delegate to an appropriate authority to facilitate, such as the college's retained attorney or the Board Clerk. A viewing log will be maintained adjacent to the personnel file. Archiving of the file(s) within the box will follow North Idaho College Policy 2.01.06 "Retention of Records."

The Board Clerk was just hired by the NIC President and is subject to the President's influence over maintaining the position. Potential conflict of interest exists for access when granted by Board Clerk.

The middle paragraph needs to exist for two reasons.

- 1) Best practice for Board to assess the evaluation reflects Board sentiment
- 2) Board able to still function if Trustees choose to obstruct Board functioning.

The Board Chair should be responsible for controlled secure-access.

Policy Narrative

Pursuant to Idaho Code Title 33 Chapter 21; 33-2107 entitled General Powers of the Board of Trustees, the Board of Trustees of each community college district shall have the power to adopt policies and regulations for its own government and the government of the college. In furtherance of this power the Board of Trustees establishes this policy regarding Board Conduct.

Purpose

The purpose of this policy is to prescribe processes, behaviors, and methods of appropriate communications for effective and efficient Board operations. This policy is not intended to infringe upon individual first amendment rights nor interfere with

personal relationships. Utilizing proper procedures and channels of communications and exercising respectful behaviors results in a more effective and efficient organization.

General Guidelines for Conduct

The Board expects its members to demonstrate ethical and businesslike conduct. This commitment includes proper use of authority and respect in group and individual behavior when acting as Board members.

The Board of Trustees recognizes that it has authority to act only as a unit and that individual Board members have no authority to act in College matters without approval of the Board. Consistent with this and other Board Policies, an individual Trustee shall not purport to act for, bind, or commit the College to any act or course of conduct without prior approval of the Board. The College can be bound only by formal action of the Board.

The Board will enforce upon itself and its members effective practices to govern and discharge its duties effectively and efficiently. The Board and individual Board member's self-discipline will apply at all times and to such matters including, but are not limited to attendance, respect for others, proper decorum, confidentiality with sensitive information, speaking with one voice for external communications, and adherence to the policies and rules of the College and the Board. The Board will take appropriate action to enforce the obligations imposed hereunder, including without limitation, limiting or suspending Board privileges, private or public censure. or other such action as the Board deems appropriate.

Each Board member is subject to and shall conform his or her behavior in accordance with Board and general College policies regarding ethical and professional conduct.

Interaction with College Personnel Guidelines

College personnel regard a visit by a Board member, except for consultation with the President, as a special occasion. Ongoing interaction can create confusion as to the roles of the Board and the College Administration. To prevent the appearance of impropriety or unethical conduct and to avoid the use of undue and inappropriate influence over College personnel, Board members shall inform the president about contact and interactions with College personnel. Board members should be afforded communication with the NIC community. Nothing herein shall be construed to prohibit or discourage communications between board members and members of the faculty, staff, administration or community.

Individual Trustees, however, must refrain from communicating or acting in a manner that violates, interferes with or circumvents College policy and administrative procedures and guidelines. Trustees are responsible for familiarizing themselves with

College policies, adhering to those policies, procedures, and guidelines and complying with the spirit and intent of those policies.

The Board recognizes the rights of students, faculty, administrators and other employees of the College to hold private meetings and to carry on the day-to-day operations of the College without the participation of Board members. Accordingly, it is improper for Board members:

1. To attend or participate in private meetings of students, faculty, administrators or other employees of the College where College business is to be considered, unless the Board member has been invited to attend as an observer only, or the Board as a whole is invited to attend and has decided to participate, or the Board member has been officially designated by the Board to attend or participate;
2. To participate in the day-to-day operations of the College without official Board approval;
3. To intercede with students, faculty, administrators or any other employees of the College on behalf of any person or program without informing the Board.
4. To threaten or harass or intimidate any employee or student of the College or anyone doing business with the College; and
5. To borrow money, solicit funds or accept gratuities of any kind from any employee of the College, unless the activity, is conduct involving election, campaigning, or free speech or is otherwise protected by constitution or statute.

Communications ~~Pro~~cedures/~~Board Members Request for Information~~

In order to assure that internal and external communication between the Board, the public and the college staff are clear and represent the unity and maintain the integrity of the Board acting as a whole, these policies will be followed as individual responsibilities of each Trustee. Trustees should be continually conscious of the potential that their position is viewed as one of power and may unduly influence college employees

~~1. Requests for information from the Board of Trustees will be communicated directly to the President. Answers to these questions will be provided to all trustees. The President has the discretion to manage college resources needed to provide these answers. Requests will be responded by the President will include a tracking number along with a response time-estimate, or if information is denied and still being requested by a Trustee will be placed on the next board's agenda for Board guidance. Individual Trustees requesting information that will require a material amount of staff time to compile, or the preparation of a special report, or that may be disruptive shall make such requests to the Chairperson of the Board. The Board Chairperson may approve the request or, at his or her discretion, have the request placed on the agenda of the next Board~~

~~meeting for the consideration of the Board of Trustees. Compilations and reports prepared pursuant to this provision will be available to all Trustees. Individual Trustees shall not make such requests directly to an employee of the College.~~

~~2.1. Individual Trustees with questions regarding the operations of the College, such as inquiries concerning employment or admission to the College, complaints for or about students, complaints from or about faculty and staff, complaints or questions about administrative decisions, and complaints or questions from or about facilities, shall convey such to the Office of the President for consideration and possible action;~~

~~3. When discussing community concerns, issues involving the College, and actions taken by the Board of Trustees and the administration, Trustees should carefully delineate between opinions that are personal and held as an individual citizen versus opinions that reflect officially approved policies or action of the Board or College;~~

~~2.~~

~~4. Trustees should make no announcement of nor give any information about action taken by the Board until such action has been communicated by the Board Chairperson or President through regular official channels;~~

~~5.1. Consistent with this and other Board Policies, an individual Trustee shall not purport to act for, bind, or commit the College to any act or course of conduct without prior approval of the Board. The College can be bound only by formal action of the Board.~~

~~6.~~

~~7.1. Communication with Legislators, Public Officials, and Community Leaders~~

Unless authorized by the Board, when communicating with legislators, public officials, and Community leaders, Communication with Legislators, Public Officials, and Community Leaders~~individual Trustees~~Board members, should take reasonable care to clarify that they are acting as individuals and not on behalf of the Board or the College and should strive to maintain consistency with established board decisions, policies and plans.

~~3.~~

~~8.~~

~~9. Relationship with the Press~~

~~10.~~

~~11.4.~~ The Board Chairperson and the President, or their respective designees, shall be the spokespersons to the press on College matters. In most cases, Board members should refer inquiries from reporters to the Chairperson and/or President, or designee. The goal is to speak with one voice on College matters and to remove the potential of conflicting statements. However, the Board

recognizes elected officials will speak to the Press when they feel it is appropriate.

Conflict of Interest

Trustees will avoid any situation to use their position as an NIC Trustee to bring themselves benefit or personal gain. Examples of Trustee personal gain may involve:

- (a) a member of the Board, or
- (b) a member of his or her immediate family or close relative ("immediate family" means the employee's spouse, parent, step-parent, guardian, brother, sister, mother-in-law, father-in-law, child, or stepchild; "close relative" means the employee's grandmother, grandfather, aunt, uncle, niece, nephew, brother-in-law, sister-in-law, first cousin, or grandchild.), or
- (c) an organization with which a member of the Board is affiliated, such as an existing relationship, serving as a Board member, administrator, or employee.

~~At first knowledge of any of these situations, the Trustee must disclose such real or potential conflict by informing the Board chairperson or the entire Board. If the conflict involves the Board chairperson, the chairperson will inform the entire Board. Where a conflict is determined to exist, Trustees will abstain from involvement in decision-making. As required by state law, if a Board member's outside activity (employment, participation or involvement in another business, corporation, institution or other entity) constitutes a conflict of interest, then the Board member will (a) disclose to the Board such conflict or the potential conflict; (b) absent herself/himself from discussion regarding any issue which involves his or her role as a Board member and his or her outside activity, and (c) refrain from voting on any such issue.~~

Trustee Usage of Facilities

Trustees are not prohibited from using College facilities for professional or personal reasons provided such facilities are normally available to the public, and the Trustee is subject to the same conditions, goes through the same procedures and pays the same compensation as would a member of the public who is not a College employee or are specifically authorized by Board policy.

Complaints Regarding Individual Board Member

In the event the College or any trustee receives a complaint about a Trustee from a member of the public or from a College employee, the complaint shall be referred to the Board Chairperson or, if the complaint is against the Chairperson, to the Vice Chairperson. The Trustee that is the subject of the complaint shall be notified and given an opportunity to respond. The Board shall have the discretion to investigate the complaint, including the authority to engage either the free services of the Department of Labor or an outside consultant an independent party to undertake ~~the an~~

investigation. Any report from an outside consultant shall be disseminated to all Board members prior to any action being taken against the Board member unless the Board fails to go into executive session and subsequently motions otherwise. Meetings to hear complaints or to consider the conduct of a Board member shall initially take place in executive session. If the Board fails to go into executive session then by a subsequent Board motion will direct a path forward regarding the complaint. If the Board decides to ~~take action~~ (such as censure), such action may be a private admonishment or, if the Board decides the conduct justifies public admonishment, may announce censure (or other appropriate sanction) at an open meeting.

Potential Action for Trustee Violation of Policy

A Trustee violation of this policy will be subject to the following potential action as determined by the Board as a whole:

- Loss of Board appointments to committees.
- Loss of officer status (e.g. designation as Chair, Vice-Chair, Secretary, Treasurer, etc.).
- Private censure in executive session by other Board members.
- Public censure by the Board (by motion or resolution in an open meeting)

Prior to such action, the Trustee will be entitled to a hearing before the Board in executive session to hear the charges and to allow the Trustee to respond. If the Board fails to go into executive session then by a subsequent Board motion will direct a path forward regarding the potential action. The decision of a majority of the Board is final.

The Board shall cause a record to be made of any ~~private censure such complaint proceedings~~. These records and deposit such record in a confidential file maintained by the Secretary of the Board will be stored in the office of the Executive Assistant to the President in an isolated, secure, and safe manner locked, fire proof box. A viewing log will be maintained adjacent to the associated personnel file. Archiving of the associated personnel file(s) will follow North Idaho College Policy 2.01.06 "Retention of Records." ~~A viewing log will be maintained within the box by the Board Clerk and Secretary/Treasurer of the Board. Policy Narrative

Page 1 of 8

Pursuant to Idaho Code Title 33 Chapter 21; 33-2107 entitled General Powers of the Board of Trustees, the Board of Trustees of each community college district shall have the power to adopt policies and regulations for its own government and the government of the college. In furtherance of this power the Board of Trustees establishes this policy regarding Board Conduct.

Purpose

The purpose of this policy is to prescribe processes, behaviors, and methods of appropriate communications for effective and efficient Board operations. This policy is not intended to infringe upon individual first amendment rights nor interfere with

personal relationships. Utilizing proper procedures and channels of communications and exercising respectful behaviors results in a more effective and efficient organization.

General Guidelines for Conduct

The Board expects its members to demonstrate ethical and businesslike conduct. This commitment includes proper use of authority and respect in group and individual behavior when acting as Board members.

The Board of Trustees recognizes that it has authority to act only as a unit and that individual Board members have no authority to act in College matters without approval of the Board. Consistent with this and other Board Policies, an individual Trustee shall not purport to act for, bind, or commit the College to any act or course of conduct without prior approval of the Board. The College can be bound only by formal action of the Board.

The Board will enforce upon itself and its members effective practices to govern and discharge its duties effectively and efficiently. The Board and individual Board member's self-discipline will apply at all times and to such matters including, but are not limited to attendance, respect for others, proper decorum, confidentiality with sensitive information, speaking with one voice for external communications, and adherence to the policies and rules of the College and the Board. The Board will take appropriate action to enforce the obligations imposed hereunder, including without limitation, limiting or suspending Board privileges, private or public censure. or other such action as the Board deems appropriate.

Each Board member is subject to and shall conform his or her behavior in accordance with Board and general College policies regarding ethical and professional conduct.

Interaction with College Personnel Guidelines

College personnel regard a visit by a Board member, except for consultation with the President, as a special occasion. Ongoing interaction can create confusion as to the roles of the Board and the College Administration. To prevent the appearance of impropriety or unethical conduct and to avoid the use of undue and inappropriate influence over College personnel, Board members shall inform the president about contact and interactions with College personnel. Board members should be afforded communication with the NIC community. Nothing herein shall be construed to prohibit or discourage communications between board members and members of the faculty, staff, administration or community.

Individual Trustees, however, must refrain from communicating or acting in a manner that violates, interferes with or circumvents College policy and administrative procedures and guidelines. Trustees are responsible for familiarizing themselves with

College policies, adhering to those policies, procedures, and guidelines and complying with the spirit and intent of those policies.

The Board recognizes the rights of students, faculty, administrators and other employees of the College to hold private meetings and to carry on the day-to-day operations of the College without the participation of Board members. Accordingly, it is improper for Board members:

1. To attend or participate in private meetings of students, faculty, administrators or other employees of the College where College business is to be considered, unless the Board member has been invited to attend as an observer only, or the Board as a whole is invited to attend and has decided to participate, or the Board member has been officially designated by the Board to attend or participate;
2. To participate in the day-to-day operations of the College without official Board approval;
3. To intercede with students, faculty, administrators or any other employees of the College on behalf of any person or program without informing the Board.
4. To threaten or harass or intimidate any employee or student of the College or anyone doing business with the College; and
5. To borrow money, solicit funds or accept gratuities of any kind from any employee of the College, unless the activity, is conduct involving election, campaigning, or free speech or is otherwise protected by constitution or statute.

Communications ~~Protocol~~~~cedures~~/Board Members Request for Information

In order to assure that internal and external communication between the Board, the public and the college staff are clear and represent the unity and maintain the integrity of the Board acting as a whole, these policies will be followed as individual responsibilities of each Trustee. Trustees should be continually conscious of the potential that their position is viewed as one of power and may unduly influence college employees

~~1. Requests for information from the Board of Trustees will be communicated directly to the President. Answers to these questions will be provided to all trustees. The President has the discretion to manage college resources needed to provide these answers. Requests will be responded by the President will include a tracking number along with a response time estimate, or if information is denied and still being requested by a Trustee will be placed on the next board's agenda for Board guidance. Individual Trustees requesting information that will require a material amount of staff time to compile, or the preparation of a special report, or that may be disruptive shall make such requests to the Chairperson of the Board. The Board Chairperson may approve the request or, at his or her discretion, have the request placed on the agenda of the next Board~~

Commented [KH1]: Suggested change reserved for consideration in Procedure 2.01.10 to be drafted: "Requests will be responded by the President will include a tracking number along with a response time estimate, or if information is denied and still being requested by a Trustee will be placed on the next board's agenda for Board guidance."

~~meeting for the consideration of the Board of Trustees. Compilations and reports prepared pursuant to this provision will be available to all Trustees. Individual Trustees shall not make such requests directly to an employee of the College.~~

~~2.1. Individual Trustees with questions regarding the operations of the College, such as inquiries concerning employment or admission to the College, complaints for or about students, complaints from or about faculty and staff, complaints or questions about administrative decisions, and complaints or questions from or about facilities, shall convey such to the Office of the President for consideration and possible action;~~

~~3. When discussing community concerns, issues involving the College, and actions taken by the Board of Trustees and the administration, Trustees should carefully delineate between opinions that are personal and held as an individual citizen versus opinions that reflect officially approved policies or action of the Board or College;~~

~~2.~~

~~4. Trustees should make no announcement of nor give any information about action taken by the Board until such action has been communicated by the Board Chairperson or President through regular official channels;~~

~~5.1. Consistent with this and other Board Policies, an individual Trustee shall not purport to act for, bind, or commit the College to any act or course of conduct without prior approval of the Board. The College can be bound only by formal action of the Board.~~

~~6.-~~

~~7.1. Communication with Legislators, Public Officials, and Community Leaders~~

Unless authorized by the Board, when communicating with legislators, public officials, and Community leaders, Communication with Legislators, Public Officials, and Community Leaders~~individual Trustees~~Board members, should take reasonable care to clarify that they are acting as individuals and not on behalf of the Board or the College and should strive to maintain consistency with established board decisions, policies and plans.

~~3.~~

~~8.-~~

~~9.- Relationship with the Press~~

~~10.~~

~~11.4.~~ The Board Chairperson and the President, or their respective designees, shall be the spokespersons to the press on College matters. In most cases, Board members should refer inquiries from reporters to the Chairperson and/or President, or designee. The goal is to speak with one voice on College matters and to remove the potential of conflicting statements. However, the Board

recognizes elected officials will speak to the Press when they feel it is appropriate.

Conflict of Interest

Trustees will avoid any situation to use their position as an NIC Trustee to bring themselves benefit or personal gain. Examples of Trustee personal gain may involve:

- (a) a member of the Board, or
- (b) a member of his or her immediate family or close relative ("immediate family" means the employee's spouse, parent, step-parent, guardian, brother, sister, mother-in-law, father-in-law, child, or stepchild; "close relative" means the employee's grandmother, grandfather, aunt, uncle, niece, nephew, brother-in-law, sister-in-law, first cousin, or grandchild.), or
- (c) an organization with which a member of the Board is affiliated, such as an existing relationship, serving as a Board member, administrator, or employee.

At first knowledge of any of these situations, the Trustee must disclose such real or potential conflict by informing the Board chairperson or the entire Board. If the conflict involves the Board chairperson, the chairperson will inform the entire Board. Where a conflict is determined to exist, Trustees will abstain from involvement in decision-making. As required by state law, if a Board member's outside activity (employment, participation or involvement in another business, corporation, institution or other entity) constitutes a conflict of interest, then the Board member will (a) disclose to the Board such conflict or the potential conflict; (b) absent herself/himself from discussion regarding any issue which involves his or her role as a Board member and his or her outside activity, and (c) refrain from voting on any such issue.

Trustee Usage of Facilities

Trustees are not prohibited from using College facilities for professional or personal reasons provided such facilities are normally available to the public, and the Trustee is subject to the same conditions, goes through the same procedures and pays the same compensation as would a member of the public who is not a College employee or are specifically authorized by Board policy.

Complaints Regarding Individual Board Member

In the event the College or any trustee receives a complaint about a Trustee from a member of the public or from a College employee, the complaint shall be referred to the Board Chairperson or, if the complaint is against the Chairperson, to the Vice Chairperson. The Trustee that is the subject of the complaint shall be notified and given an opportunity to respond. The Board shall have the discretion to investigate the complaint, including the authority to engage either the free services of the Department of Labor or an outside consultant an independent party to undertake ~~the an~~

investigation. Any report from an outside consultant shall be disseminated to all Board members prior to any action being taken against the Board member unless the Board fails to go into executive session and subsequently motions otherwise. Meetings to hear complaints or to consider the conduct of a Board member shall initially take place in executive session. If the Board fails to go into executive session then by a subsequent Board motion will direct a path forward regarding the complaint. If the Board decides to take action (such as censure), such action may be a private admonishment or, if the Board decides the conduct justifies public admonishment, may announce censure (or other appropriate sanction) at an open meeting.

Commented [KH2]: Subcommittee recommended Trustee Waggoner seek guidance from legal counsel

Potential Action for Trustee Violation of Policy

A Trustee violation of this policy will be subject to the following potential action as determined by the Board as a whole:

- Loss of Board appointments to committees.
- Loss of officer status (e.g. designation as Chair, Vice-Chair, Secretary, Treasurer, etc.).
- Private censure in executive session by other Board members.
- Public censure by the Board (by motion or resolution in an open meeting)

Prior to such action, the Trustee will be entitled to a hearing before the Board in executive session to hear the charges and to allow the Trustee to respond. If the Board fails to go into executive session then by a subsequent Board motion will direct a path forward regarding the potential action. The decision of a majority of the Board is final.

The Board shall cause a record to be made of any private censure such complaint proceedings. These records and deposit such record in a confidential file maintained by the Secretary of the Board, will be stored in the office of the Executive Assistant to the President in an isolated, secure, and safe manner locked, fire-proof box. Access to the box associated personnel file is controlled by limited to the Board Clerk and the Secretary/Treasurer of the Board Chairperson, who is required to can provide secure viewing of the private censure to the president or individual trustees upon request or delegate to an appropriate authority to facilitate, such as the college's retained attorney or the Board Clerk. A viewing log will be maintained adjacent to the associated personnel file. Archiving of the associated personnel file(s) will follow North Idaho College Policy 2.01.06 "Retention of Records." A viewing log will be maintained within the box by the Board Clerk and Secretary/Treasurer of the Board. Archiving of the file(s) within the box will follow North Idaho College Policy 2.01.06 "Retention of Records."

Commented [KH3]: Subcommittee recommendation was for Trustee Waggoner to seek guidance from legal counsel.

Policy Narrative

[Page 1 of 1]

The board of trustees recognizes the importance of having exceptional executive leadership and that such leadership is dependent upon constructive review of how that responsibility is exercised. To further this end, the board of trustees ~~may~~will annually review the president's stewardship in order to strengthen his or her performance, to enable the president and the board of trustees to reset mutually agreed upon goals, and to inform annual decisions on compensation and other terms of employment. The Board may also elect to have more frequent reviews (for example, semiannual or quarterly reviews) as determined by the Board in its discretion.

The annual performance review of the president should include a written management review statement by the president and a written report on goals from the previous 12 months, as mutually agreed upon by the president and the board of trustees. It may also include proposed goals for the subsequent 12 months. The annual performance

review should be completed on a schedule consistent with the college's annual compensation-setting process.

An external evaluator will be selected by the board to assist in ~~evaluation~~ the president's evaluation.

The Board will meet in executive session to discuss the evaluation prior to providing the evaluation to the President. If the Board fails to go into executive session then by a subsequent Board motion will direct a path forward in compliance with existing law regarding the President's evaluation.

Commented [KH2]: Recommendation from 06 Sep 2023 subcommittee meeting
