 Information for Applicants to the
 North Idaho College Associate Degree Program

This document provides information regarding an option to progressing toward your Bachelor of Science in Nursing after you have begun the Associate Degree Nursing Program.

There is nothing for you to do at this time. After you begin the NIC program, it is highly recommended that you make an appointment with an LCSC advisor to explore this option.

What is it? “Opening Doors” is a partnership between NIC and LCSC that allows NIC students in their final semester of the Registered Nursing Program to earn LCSC credit towards their BSN. By choosing the selective practice experience in management/leadership in N294, students will earn credit for LCSC’s NU 478 Practicum: Nursing Management and Leadership (2 credits). Students also enroll in the one-credit course NU 370, Transitions to Baccalaureate Nursing, thus qualifying for financial aid through LCSC.
