The following policy relates to the use of the Activity Center in the lower level of the Edminster Student Union facilities by students, College organizations, and non-College organizations.

Section 1: The use of the Activity Center is primarily for College students, faculty, and staff.

Section 2: The Activity Center is available for use of events but will not be shut down during normal operating hours. However, events that are programmed to serve the normal users of the Activity Center may be scheduled during operating hours.

Section 3: Groups may, by application as a legally constituted citizen group, have access to Edminster Student Union facilities. In order to recognize the sensitivity of the College’s particular position, each request will be coordinated with the Director of Campus Events. Groups granted access to Activity Center for such use may be charged according to guidelines set forth in Policy 1, § 4 of the Edminster Student Union Policy Manual.
Section 4: Groups that are predominantly College students and faculty and are a recognized club or group of ASNIC shall use the Activity Center.

Section 5: Off-campus organizations that have no direct affiliation with North Idaho College may schedule use of the Activity Center. Use of the space will be on all-availability basis with first priority being given to student groups and organizations.
