MAXIMIZE YOUR
MARKETING AN IMPACT
North Idaho College makes an important contribution to the social, cultural, and economic quality of life in the community. Like public institutions everywhere, NIC must look beyond its traditional sources of support. Property taxes, state appropriations, and student tuition must be supplemented with private donations if the college is to maintain the level of educational excellence the people of North Idaho deserve.

I chose to attend NIC because of its reputable professional-technical programs. Receiving this scholarship meant everything to me.

NIC Foundation Grant Program
Students Shawn Goughnour, Robert Edwards, Kevin Bissing and Logan Roddick (L-R) meet in the grant-funded Communication Lab in the Molstead Library to practice and record their speeches. Having access to recording equipment and a dedicated space helps remove barriers that could deter students from realizing their educational goals.
