Coeur d’Alene Tribe and North Idaho College
9 Point Agreement
October, 2018

AGREEMENT OVERVIEW

In 1997 North Idaho College signed the “9 Point Agreement” with the Coeur d’Alene Tribe. The purpose of the agreement was to work together on projects of mutual benefit to both communities, and to make NIC a more welcoming and supportive environment for Indian students. The plan consisted of 9 points, each led by team leaders from North Idaho College. The 18 team leaders worked intimately with the Tribe on direction for the mutually determined goals of each point.
