PUBLIC COMMENT
There was no public comment.
CONSTITUENT REPORTS

ASNIC
ASNIC President Kai Sedlmayer-Nardi had a poor video and audio connection and in lieu of a verbal report, submitted a written report to the board.

Staff Assembly
Tom Greene reported on activities from the May 17 Staff Assembly meeting, including a report from the Office of Finance on upcoming changes to the payroll schedule, a report on the college’s recent accreditation peer evaluation by Accreditation Liaison Officer Steve Kurtz, and results of staff achievement awards. He also announced the results of recent officer elections and he reported on the Assembly’s discussion of employee step increases, commenting that the majority of those participating in the discussion agreed that until there is a more complete understanding of enrollment, now is not the time to request a step increase from the board.

Faculty Assembly
Chair Chris Pelchat reported that during the May 2020 meeting, he shared his appreciation with faculty members that submitted videos in support of the virtual commencement ceremony. He went on to report on the establishment of an online discussion board to aid in faculty communication, a vote taken on the roles of faculty senators, and he announced the results of officer elections. He commented on the formation of a small group of faculty to review the policy and procedure on the tenure process, and revisions under review for the Faculty Assembly constitution and bylaws. He closed by discussing some elements of discussions around faculty’s approach to fall courses and having as much planning flexibility as possible.

College Senate
Newly elected Senate Chair Steve Kurtz began by expressing his thanks to Senate leadership for their efforts over the past year and he announced newly elected officers for the upcoming academic year. He continued by reporting that during the May meeting, Senate reviewed and approved the Institutional Review Board policy and procedure, and he commented that next year, Senate will implement the policy and procedure review process covering section two of the policy manual. He closed by announcing and recognizing members of Senate.

PRESIDENT’S REPORT
Dr. MacLennan spoke briefly about initial internal discussions, including individual conversations with trustees, about the concept of virtual college, utilizing information learned from the conversion to online instruction in response to COVID-19.

OLD BUSINESS
FY21 General Fund Budget
Chair Dunlap commented that this particular review of the FY21 budget proposal includes items that the board may or may not choose to approve, individually, or that the board may choose to delay, acknowledging the administration’s request for the board to approve tuition and fees. He reviewed other items under consideration, including how the board will handle a tax increase, salary increments for faculty and staff, outreach centers and related impacts to the budget, and whether or not to delay the final approval of the budget.

VP Chris Martin proceeded to highlight elements of the budget proposal, including the addition of a 3% tax increase, which would generate $479,000 in revenue, removal of the expense for operating the Bonners Ferry and Silver Valley Outreach Centers which would provide a $2 million expense reduction, and the inclusion of the additional state holdback of 5%, for a deficit budget of $1.6 million. He went on to present step increase scenarios and the related impact to
the budget, and the proposal to utilize between $1.6 million and $2.2 million of fund balance to cover the deficit.

VP Martin continued by reviewing tuition and fees, stating that the administration does not recommend increasing tuition and fees for any student group. He next reviewed the total institutional budget proposal that includes $48 million for general fund, $2 million for fee-based budgets, $5.4 million for service budgets $7 million for grant funded budgets.

Trustee Banducci asked how many students would be impacted by the closure of the Bonners Ferry and Silver Valley Outreach Centers. VP Martin responded that presently, students are traveling from those areas to attend career technical education courses, adding that the college intends continuing improved online instruction for transfer courses in those areas. Dr. MacLennan added that although pulling back on the physical presence of the Bonners Ferry and Silver Valley Outreach Centers is under consideration, the college intends continuing to offer services remotely.

Trustee Banducci expressed his support for the concept of virtual college, and support for no increases to tuition rates, salary steps, or property tax. He went on to express concern about the college continuing to offer employee sabbaticals, while closing outreach centers.

Trustee Wood expressed interest in the board having more in-depth discussion about whether or not to impose a tax increase and approving a decision on that item at this meeting, adding her support for waiting to approve the full budget until fall when more is known about enrollment. She went on to express her support for not increasing tuition and her support for imposing a 3% tax increase.

Trustee Howard asked which specific elements of the budget the administration will need the board to approve at this meeting. VP Martin responded that the administration is requesting the board approve tuition and fees and approve a continuing budget resolution to authorize spending in the months of July and August, then approve the full budget at the August or September meeting. He added that should the board vote to adopt a tax increase, the action to do so will need to occur prior to the end of August as the college must notify the county of the increase prior to September 1. Trustee Howard then made a motion to approve tuition and fees at their present level and provide a continuing budget resolution to allow the college to continue operations based upon the 2020 budget. The motion was seconded by Trustee Wood. Trustee Howard amended his motion to add that the board will address the remainder of the budget proposal no later than the August 2020 meeting. Trustee Wood seconded the amended motion. Trustee Howard further amended his motion to include that the continuing resolution will provide for spending not to exceed $5.5 million until September 1. Trustee Wood seconded the amended motion. The motion, as amended, carried unanimously.

**Continuing Budget Resolution for FY21**

Chair Dunlap commented that this item had been addressed in the previous action and he moved on to the next item of business.

**Board Member Conduct Policy**

Trustee Howard presented newly added revisions to the policy draft, and made a motion to table any further consideration until trustees have had an opportunity to review the revisions for consideration and discussion at the next meeting. Trustee Wood seconded the motion to table.
Trustee Banducci expressed his feeling that the policy should be sent through the college’s governance process. Trustee Howard responded that the policy is still under development and is not yet a formal policy, adding that once there is agreement by the trustees on the language, then the board can decide on the process by which the proposal may be reviewed.

Chair Dunlap commented that board policies are not subject to the governance process, adding that others may comment on the proposed policy when it comes before the board in an open meeting.

Trustee Wood expressed her thanks to Trustee Howard for incorporating board member edits.

Trustee Howard requested that any additional edits be sent to him to incorporate. The motion to table carried unanimously.

NEW BUSINESS
Board of Trustees Meeting Schedule 2020-21
Dr. MacLennan presented the board meeting schedule for the coming year. Trustee Wood made a motion to adopt the meeting schedule. The motion, seconded by Trustee Murray, carried unanimously.

INFORMATION ITEM
COVID-19 Planning/Response
Dr. MacLennan offered some introductory remarks about what the college community has learned through the experiences and impacts resulting from COVID-19 and he reviewed related topics that would be presented from major areas of the college.

Dean of General Studies Larry Briggs, discussed the transition of instruction to an online format for courses that could be conducted virtually, and the disposition of courses that either could not be so transitioned or that consisted of lab or clinical components that will continue later. He expressed his appreciation to faculty and instructional support units for their efforts in navigating the transition of instruction and continued support to students in a new environment. He acknowledged those students who were unable to continue in an online environment and added that the lessons learned from those particular cases will be reviewed and applied to planning for fall.

VP Graydon Stanley provided a summary of the impacts to students and to student services employee and strategies implemented to offer continued support to students. He reviewed impacts to enrollment and solutions developed to address those impacts as well as lessons learned from those experiences.

VP Chris Martin discussed how the college applied its CARES Act funding allocation of $2.2 million for student support and institutional emergency needs resulting from COVID-19. He briefly discussed funds from a state block grant through the Governor’s office for which the college submitted a proposal for funds to support enhanced IT infrastructure and support for a summer bridge program.

Dr. MacLennan briefly discussed the work of the NIC Rebounds Operations and Logistics Team that was recently activated to coordinate logistics planning for the coming stages of reopening the college.
Dr. Briggs next discussed planning for instruction for fall, including formats of face to face, online, and hybrid courses, as well as considerations for transitioning to a fully online environment, should that need arise. He discussed instructional alternatives such as split or condensed course schedules, and ensuring communication plans are executed in a timely manner to allow students the time to decide how they will proceed for fall. He briefly discussed the idea of a summer bridge program.

Trustee Wood asked about anticipated funding to help with losses incurred due to COVID-19. VP Martin responded that other than CARES Act funds, nothing else is anticipated. Dr. MacLennan commented briefly on CARES Act funds dispersed to institutions and agencies across the state, and further commented on the college’s ability to control enrollment by meeting students’ needs in a variety of ways in this environment.

Chief Communications and Government Relations Officer Laura Rumpler provided an overview of marketing and outreach efforts underway to promote the value of attending NIC and to encourage enrollment for fall semester.

VP Stanley discussed efforts by members of the Enrollment Services team to reach out to prospective students as well as reengage students that withdrew from classes this spring.

Dr. MacLennan made some closing remarks and expressed his view that the efforts undertaken by faculty and staff over the past few months have been some of the fullest work the college has done, adding that that it will have an impact.

Trustee Wood expressed her appreciation to the staff, faculty and administration for the work accomplished in response to COVID and support provided for student education.

BOARD CHAIR REPORT
Chair Dunlap offered his appreciation for the efforts by the college over the course of the past year, and in light of budget reductions and response to the COVID-19, the successes achieved such as accreditation, and the virtual graduation ceremony. He asked the college community to consider what we can become, so that we can emerge from the challenges of the past year as a stronger and more efficient organization.

REMARKS FOR THE GOOD OF THE ORDER
Trustee Wood asked the Faculty Assembly Chair to discuss with faculty what it would look like for them should the board determine the need to adopt options for funding step increases, and their consideration of the entire organization and of the board’s decision during these harder financial times.

There were no other comments and Chair Dunlap adjourned the meeting at 8:05 p.m.

SUBJECT
Approval for NIC Head Start to accept six additional TANF slots and change scope of service to accommodate the additional slots.

BACKGROUND
In 1999, the Idaho State Legislature designated funds from the Welfare Reform Act’s Temporary Assistance for Needy Families federal block grant (TANF) to provide services to nearly 200 additional children and families throughout the state. As of the 2019-2020 school-year, NIC Head Start was allocated 13 TANF slots through state grant funding.

DISCUSSION
NIC Head Start was invited to apply for an additional six TANF slots starting July 1, 2020. The program would receive an additional $62,256 in ongoing funds ($10,376 per slot), which is consistent with the funding received for the 13 TANF slots the program currently serves.

The additional six slots would be served at the Sandpoint Center, which requires a change of scope to Head Start’s baseline grant; the application for the baseline grant was submitted to Region X on March 30, 2020. The decision to serve the six slots at the Sandpoint Center is based on the demographics for that center, which includes waitlist numbers, results of the recent Community Assessment, kindergarten entrance scores, percentage of poverty in the service area, and percent of children participating in the free/reduced lunch programs in the area.

If NIC Head Start receives the grant funding for six additional TANF slots, the total number of children served by the program will increase from 293 to 299; 280 of the slots are funded by a federal grant through Office of Head Start and 19 slots funded by the TANF grant.

COMMITTEE ACTION
Board approval of North Idaho College Head Start’s request for six additional slots and change the program’s scope of service to accommodate the additional TANF slots.

FINANCIAL IMPACT
There is no financial impact on North Idaho College since federal appropriations, private gifts, and donations fund Head Start.

REQUESTED BOARD ACTION
In its capacity as the governing board and to adhere to requirements outlined in The Improving Head Start for School Readiness Act of 2007, it is requested that the board consider a motion to approve the request for six additional TANF slots and a change to the program’s scope of service to accommodate these additional slots.

SUBJECT Draft Institutional Review Board Policy

BACKGROUND
The North Idaho College Institutional Review Board was created for the purpose of reviewing any human subjects research conducted at NIC. This includes all research with human subjects including faculty, staff and/or students as research subjects or by NIC faculty, staff and or students at any location.

In accordance with Code of Federal Regulations, Title 45, Part 46: Protection of Human Subjects the IRB must be comprised of at least five members from varying backgrounds, and at least one member must have a background with scientific areas and at least one member must have experience primarily with nonscientific areas. Additionally, at least one member must not be otherwise affiliated with the institution and not part of the immediate family of a person who is affiliated with the institution.

DISCUSSION
The NIC Institutional Review Board was approved by Senate as standing committee earlier in the academic year and Senate requested that a related policy and procedure be developed.

COMMITTEE ACTION
The policy and procedure have both been reviewed and approved by the president, President’s Cabinet, and Senate.

FINANCIAL IMPACT
None.

REQUESTED BOARD ACTION
This is a first reading and no action is requested at this time.

Prepared by
Shannon Goodrich, Sr. Executive Assistant
for President Rick MacLennan
Federal law requires all entities conducting research on human subjects to have an Institutional Review Board, or IRB. In accordance with the guidelines outlined in the U.S. Code of Federal Regulations, Title 45, Part 46, it is the policy of North Idaho College to protect employees, students, and community members participating in research projects conducted on college grounds by employees or students.

**DEFINITIONS**

**Research:** "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research, whether or not they are conducted or supported under a program which is considered research for other purposes." (CFR 45: 46, 102, item l)

**Human Subjects:** "living individual(s) about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (CFR 45: 46, 102, item e,1)

**Minimal Risk:** "the probability and magnitude of harm or discomfort anticipated in the research are not greater in and of themselves than those ordinarily encountered in daily
life or during the performance of routine physical or psychological examinations or tests.” (CFR 45: 46, 102, item j)

**Principal Investigator:** A Principal Investigator is the primary individual responsible for the preparation and administration of a research project.

**COMPLIANCE**
This policy addresses all research projects involving human subjects in the following aspects:

- Research taking place on the NIC campus, even if the researcher is not an NIC employee or student
- Research using input from NIC students or employees
- Research in the community, sanctioned or assigned by NIC faculty or supervisors

Such research projects must be submitted for IRB review unless they fall into one of the “Exempt” categories defined in the procedure accompanying this policy.

SUBJECT
Appointment of North Idaho College District Clerk of the Election

BACKGROUND
The Kootenai County elections office and the North Idaho College district clerk of the election will provide election forms and information regarding the North Idaho College Board of Trustees election. Per Idaho statutes, declaration of candidacy forms are filed with the clerk of the political subdivision or district. The clerk of the political subdivision or district shall verify the qualifications of the nominees and shall, no more than seven (7) days after the close of filing, certify the nominees to be placed on the ballot. The clerk of the district will report the results of the election to the board of trustees.

DISCUSSION
A district clerk of the election for North Idaho College is to be officially appointed to coordinate the NIC Board of Trustees election to be held on November 3, 2020 with the Kootenai County Elections Office. The attached 2020 Kootenai County Election Calendar provides the timeline for the election process.

COMMITTEE ACTION
None

FINANCIAL IMPACT
None

REQUESTED BOARD ACTION
It is recommended that the board appoint Vice President Chris Martin as the North Idaho College district clerk of the election for the upcoming board of trustees election.

Prepared by:
Chris Martin
Vice President for Finance and Business Affairs
SUBJECT
Approval of Contract for College President

BACKGROUND
The North Idaho College President is hired by the Board of Trustees and, consistent with past practice, the President’s contract is reviewed annually. A contract renewal may be executed by the President and the Board Chair, with the approval and authorization of the Board of Trustees.

DISCUSSION
The President’s contract is a three-year contract, but is reviewed annually for potential renewal. The proposed annual renewal is for fiscal years July 1, 2020 through June 30, 2023. The Board may consider changes.

COMMITTEE ACTION
No committee action is necessary.

FINANCIAL IMPACT
The financial impact is to the employee compensation budget.

REQUESTED BOARD ACTION
The Board is requested to consider a motion approving a renewed contract and authorizing the Board Chair to execute the contract on behalf of the Board of Trustees and North Idaho College.

Prepared by,
Marc Lyons
Attorney for North Idaho College
