Pursuant to Idaho Code Title 33 Chapter 21; 33-2107 entitled General Powers of the Board of Trustees, the Board of Trustees of each community college district shall have the power to adopt policies and regulations for its own government and the government of the college. In furtherance of this power the Board of Trustees establishes this policy regarding Board Conduct.

**Purpose**

The purpose of this policy is to prescribe processes, behaviors, and methods of appropriate communications for effective and efficient Board operations. This policy is not intended to infringe upon individual first amendment rights nor interfere with
personal relationships. Utilizing proper procedures and channels of communications and exercising respectful behaviors results in a more effective and efficient organization.

**General Guidelines for Conduct**

The Board expects its members to demonstrate ethical and businesslike conduct. This commitment includes proper use of authority and respect in group and individual behavior when acting as Board members.

Board members are expected to:

1. Devote time, thought, and study to the duties of a trustee in order to be effective and provide credible service.
2. Consider information received from all sources and base personal decisions upon all available facts while maintaining confidentiality of privileged information.
3. Work with fellow trustees in a spirit of harmony and co-operation in spite of differences of opinion.
4. Recognize that authority over the organization is only vested in the Board when it meets in legal session.
5. Maintain the integrity of the Board and the position of the trustee when communicating and interacting with outside individuals and agencies. This includes full disclosure to participants when attending meetings as an ordinary citizen.
6. Respect the majority decisions of the Board.
7. Work to support the interests of North Idaho College ("NIC") and the Board.
8. Demonstrate discretion when making public statements in person, online or in other forums, so as to minimize the impression that such statements reflect the opinion of NIC or the Board when they do not.
9. Maintain the highest standards of civility and respect accorded to public office through the absence of unwarranted criticism of fellow Board members, the Board, NIC administration or employees.
10. Deal appropriately with sensitive issues and respect the confidentiality of discussions that take place during executive sessions.
11. Represent everyone the College serves, not a particular interest group.
12. Declare any conflict of interest. A trustee will not participate in, vote on, or exert influence on, any decision in which the trustee has any interest.
The Board of Trustees recognizes that it has authority to act only as a unit and that individual Board members have no authority to act in College matters without approval of the Board.

The Board will enforce upon itself and its members effective practices to govern and discharge its duties effectively and efficiently. The Board and individual Board member’s self-discipline will apply at all times and to such matters including, but are not limited to attendance, respect for others, proper decorum, confidentiality with sensitive information, speaking with one voice for external communications, and adherence to the policies and rules of the College and the Board. The Board will take appropriate action to enforce the obligations imposed hereunder, including without limitation, limiting or suspending Board privileges, private or public censure, or other such action as the Board deems appropriate.

Each Board member is subject to and shall conform his or her behavior in accordance with Board and general College policies regarding ethical and professional conduct.

**Interaction with College Personnel Guidelines**

College personnel regard a visit by a Board member, except for consultation with the President, as a special occasion. Ongoing interaction can create confusion as to the roles of the Board and the College Administration. To prevent the appearance of impropriety or unethical conduct and to avoid the use of undue and inappropriate influence over College personnel, Board members shall inform the president about contact and interactions with College personnel. Board members should be afforded confidential communication with the NIC community. Nothing herein shall be construed to prohibit or discourage communications between board members and members of the faculty, staff, administration or community.

Individual Trustees, however, must refrain from communicating or acting in a manner that violates, interferes with or circumvents College policy and administrative procedures and guidelines. Trustees are responsible for familiarizing themselves with College policies, adhering to those policies, procedures, and guidelines and complying with the spirit and intent of those policies.

The Board recognizes the rights of students, faculty, administrators and other employees of the College to hold private meetings and to carry on the day-to-day operations of the College without the participation of Board members. Accordingly, it is improper for Board members:

1. To attend or participate in private meetings of students, faculty, administrators or other employees of the College where College business is to be considered, unless the Board member has been invited to attend as an observer only, or the
Board as a whole is invited to attend and has decided to participate, or the Board member has been officially designated by the Board to attend or participate;

2. To participate in the day-to-day operations of the College without official Board approval;

3. To intercede with students, faculty, administrators or any other employees of the College on behalf of any person or program without informing the Board.

4. To threaten or harass or intimidate any employee or student of the College or anyone doing business with the College; and

5. To borrow money, solicit funds or accept gratuities of any kind from any employee of the College, unless the activity, is conduct involving election, campaigning, or free speech or is otherwise protected by constitution or statute.

Communications Procedures/Board Members Request for Information

In order to assure that internal and external communication between the Board, the public and the college staff are clear and represent the unity and maintain the integrity of the Board acting as a whole, these policies will be followed as individual responsibilities of each Trustee. Trustees should be continually conscious of the potential that their position is viewed as one of power and may unduly influence college employees

1. Individual Trustees requesting information that will require a material amount of staff time to compile, or the preparation of a special report, or that may be disruptive shall make such requests to the Chairperson of the Board. The Board Chairperson may approve the request or, at his or her discretion, have the request placed on the agenda of the next Board meeting for the consideration of the Board of Trustees. Compilations and reports prepared pursuant to this provision will be available to all Trustees. Individual Trustees shall not make such requests directly to an employee of the College.

2. Individual Trustees with questions regarding the operations of the College, such as inquiries concerning employment or admission to the College, complaints for or about students, complaints from or about faculty and staff, complaints or questions about administrative decisions, and complaints or questions from or about facilities, shall convey such to the Office of the President for consideration and possible action;

3. When discussing community concerns, issues involving the College, and actions taken by the Board of Trustees and the administration, Trustees should carefully delineate between opinions that are personal and held as an individual citizen versus opinions that reflect officially approved policies or action of the Board or College;
4. Trustees should make no announcement of nor give any information about action taken by the Board until such action has been communicated by the Board Chairperson or President through regular official channels;

5. Consistent with this and other Board Policies, an individual Trustee shall not purport to act for, bind, or commit the College to any act or course of conduct without prior approval of the Board. The College can be bound only by formal action of the Board.

Communication with Legislators, Public Officials, and Community Leaders

Unless authorized by the Board, Board members, should take reasonable care to clarify that they are acting as individuals and not on behalf of the Board or the College and should strive to maintain consistency with established board decisions, policies and plans.

Relationship with the Press

The Board Chairperson and the President, or their respective designees, shall be the spokespersons to the press on College matters. In most cases, Board members should refer inquiries from reporters to the Chairperson and/or President, or designee. The goal is to speak with one voice on College matters and to remove the potential of conflicting statements. However, the Board recognizes elected officials will speak to the Press when they feel it is appropriate.

Conflict of Interest

As required by state law, if a Board member's outside activity (employment, participation or involvement in another business, corporation, institution or other entity) constitutes a conflict of interest, then the Board member will (a) disclose to the Board such conflict or the potential conflict; (b) absent herself/himself from discussion regarding any issue which involves his or her role as a Board member and his or her outside activity, and (c) refrain from voting on any such issue.

Trustee Usage of Facilities

Trustees are not prohibited from using College facilities for professional or personal reasons provided such facilities are normally available to the public, and the Trustee is subject to the same conditions, goes through the same procedures and pays the same compensation as would a member of the public who is not a College employee or are specifically authorized by Board policy.

Complaints Regarding Individual Board Member
In the event the College receives a complaint about a Trustee from a member of the public or from a College employee, the complaint shall be referred to the Board Chairperson or, if the complaint is against the Chairperson, to the Vice Chairperson. The Trustee that is the subject of the complaint shall be notified and given an opportunity to respond. The Board shall have the discretion to investigate the complaint, including the authority to engage an outside consultant to undertake the investigation. Any report from an outside consultant shall be disseminated to all Board members prior to any action being taken against the Board member. Meetings to hear complaints or to consider the conduct of a Board member shall initially take place in executive session. If the Board decides to take action (such as censure), such action may be a private admonishment or, if the Board decides the conduct justifies public admonishment, may announce censure (or other appropriate sanction) at an open meeting.

**Potential Action for Trustee Violation of Policy**

A Trustee violation of this policy will be subject to the following potential action as determined by the Board as a whole:

- Loss of Board appointments to committees.
- Loss of officer status (e.g. designation as Chair, Vice-Chair, Secretary, Treasurer, etc.).
- Private censure in executive session by other Board members.
- Public censure by the Board (by motion or resolution in an open meeting)

Prior to such action, the Trustee will be entitled to a hearing before the Board in executive session to hear the charges and to allow the Trustee to respond. The decision of a majority of the Board is final.

The Board shall cause a record to be made of any such complaint proceedings and deposit such record in a confidential file maintained by the Secretary of the Board.
SUBJECT
Correction of Scrivener’s Error in College President’s contract.

BACKGROUND
The employment contract for North Idaho College President was approved by the Board at the July meeting. As explained by the College attorney at the time, the agreed upon contract eliminated the “termination without cause” option, which term was negotiated and agreed by the new President and the Board Chair and which was also approved by the Board last month.

DISCUSSION
In putting together the final draft to be signed, the attorney inadvertently replaced two words in section 12.1 about how the contract can be terminated that included the following language: “by either party without cause.” This was intended to read “by the President without cause.”

The agreement section 12.1 needs to be corrected to read as follows:

This Agreement may be terminated by mutual agreement of the parties, by either party the President without cause, or by the Board for cause. Notice of termination must be in writing and delivered to the non-terminating party.

This modification reflects the agreed language consistent with what the attorney represented at the last meeting and eliminates an inconsistency.

COMMITTEE ACTION
No committee action is necessary.

FINANCIAL IMPACT
There is no financial impact.

REQUESTED BOARD ACTION
The Board is requested to consider a motion to correct the President’s employment agreement by removing the words “either party” from section 12.1 and replacing them with the words “the President.”

Marc Lyons, Attorney for
North Idaho College
