Keynote Speaker

Jason Droesch has served as a mathematics professor at North Idaho College since 2013, where he teaches a wide range of courses supporting both transfer and career and technical education students. In recent years, he has focused on adopting inquiry-based learning strategies to help students develop deeper conceptual understanding and confidence as independent mathematical thinkers.

From 2016 to 2022, Droesch served as division chair for the Math, Computer Science, and Engineering Division, where he helped establish the Math Education Center and expand the computer science partnership with the University of Idaho.

Droesch, a graduate of North Idaho College, earned a Bachelor of Science degree in mathematics and statistics from the University of Idaho and a Master of Science degree in mathematics from Boise State University.

North Idaho College Alumni Association

The North Idaho College Alumni Association encourages a lifelong connection to North Idaho College. Membership is free and open to anyone who has completed at least 12 academic credits or the first semester of a certificate course or apprenticeship program at NIC.

The NIC Alumni Association unites thousands of alumni who have chosen to express their active support for NIC.

Caps and Gowns

The tradition of academic regalia worn in commencement ceremonies dates back to universities in Western Europe during medieval times. Colonial universities in the United States adopted these traditions and later codified the guidelines that are followed today.

The square-topped cap, or mortarboard, and tassel are perhaps the most recognizable part of academic graduation attire. North Idaho College students wear a deep red mortarboard and matching gown. At the beginning of the ceremony, graduates position the tassel to the right side of the cap, and after receiving their diplomas, they move the tassel to the left.

In addition to caps and gowns, North Idaho College graduates might wear sashes and honor cords in recognition of various memberships, military service or achievements.

Advanced Degrees

While North Idaho College does not award degrees beyond the associate level, commencement guests may see members of the administration, dignitaries and faculty wearing additional distinctive attire. Beginning with baccalaureate degrees, regalia can include colorful hoods signifying fields of study and the institution that awarded the degree. Doctoral degrees are signified by a soft velvet cap, or doctoral tam, and doctoral robes with velvet trim including three velvet bars on the sleeves.
