The following action steps are provided at the request of the board. The proposed actions have been developed based upon a review of NWCCU Eligibility Standard 9, Policy 2.01.02, the June 2021 Board Statement on the NWCCU Investigation, and the July 2021 NWCCU response, with the stated goal of avoiding sanction by the Northwest Commission on Colleges and Universities. These action steps create documented evidence that the college will be able to use in completing the Ad-Hoc Report on Governance that is required to be submitted to NWCCU by August 1, 2022.

It is almost universal that all students, employees and community stakeholders want to see the College avoid a sanction status with NWCCU. The following items are presented as general actions and suggestions for board consideration as the College endeavors to create evidence of actions and respond in the requested August 2022 Ad-Hoc report.

- Strict adherence to Open Meeting Laws, removing any hint of impropriety or irregularity in the conductance of any regular or special scheduled meeting of the Board.
- Keen awareness of the broadcast and recorded record of all public meetings. Some of the challenges facing the College in preparing for the August report have not only been a lack of evidence, but additional issues that must be addressed/overcome as a result of recorded meetings.
Effort by the Board collectively and as individual members to bolster a culture of “One NIC,” working to remove any perceptions that there is a Board versus College sentiment in the governance work of the Board.

Effort by the Board collectively and as individual members to create an environment of supportive partnership with Acting/Interim Presidents.

Strong awareness of operational vs. policy decisions and discussions. It is recognized that there are areas of gray in some issues before the Board of where policy ends and operations begin. Continued effort by the Board to make informational requests through the Office of the President and include all members of the Board.

Continued use of Board workshops to ensure the Board is receiving information needed and is engaged in larger decision making and policy work.
