Student Services Director’s Meeting
September 10, 2009

- Absent

- Business
  - Financial Aid
    As everyone knows, a significant change was made in Financial Aid. In the short term, Eric, Lynn, Nellore and Steph will manage operations. In the mid-term, we will be hiring an Interim Director from a company called Financial Aid Services. He or She should begin in two weeks. In the long term, the position will be posted net Friday and run for 6-weeks for now. The qualifications for a new Director will be high. This has been an exhausting process, but Eric is now implementing some things to help improve the situation.
  - Budget
    We can expect a large hold back again from the state. We have tentatively identified funds to cover this, largely based on our enrollment increase. As more info becomes available, it will be shared. We are not looking at program cuts at this time.
  - Due dates
    Don’t forget the due dates below.

- Reminders
